

Math Instructor

FULL-TIME / TEST PREP / REMOTE

Do you remember your favorite teacher—the one who inspired you and went above and beyond to help you achieve your goals? Do you aspire to pay it forward? Join a rapidly-expanding team dedicated to cultivating future leaders capable of achieving their maximum potential. Where other test prep companies simply hire part-time tutors looking for a side gig, our after-school college prep institution hires full-time instructors looking to grow their career in a collaborative and growth-oriented start-up environment. We do not teach “tricks” or how to “beat the test.” Rather, we utilize an organic approach that builds students’ essential core skills, improving their writing and reading skills in the long term—not just for the SAT or ACT, but for high school, college, and beyond.

As a Math Instructor, you will be expected to:

- Instruct small “core” groups of students in their math core skills to promote long-term understanding of topics and top scores in their college readiness exams (ACT & SAT).
- Track your students’ progress as they move through Vanguard’s unique multi-phase curriculum, engaging students in individualized growth and improvement opportunities along the way.
- Model professionalism and strong organizational skills by replying to students in a timely manner, maintaining and updating student lesson schedules on our online platform, and holding students accountable for assignments.
- Spearhead the development and creative execution of ever-evolving lesson plans and curriculum.
- Mentor middle and high school students with empathy and an innate understanding that the college application process is becoming increasingly competitive and stressful.

Requirements:

- Bachelor’s degree or higher in mathematics, education, or related STEM field (***Master’s or higher preferred; open to those near graduation***)
- Teaching experience in math and/or experience working in a college-level tutoring center (***1+ years***)
- GPA of 3.5 or higher
- Proficiency in MS Excel, MS Word, MS PowerPoint, and G-Suites
- Access to a reliable internet connection and a workspace with minimal noise/distraction

The ideal candidate will also possess:

- Experience teaching at the college or community college level
- Robust understanding of classroom pedagogy, and the ability to create customized, engaging lesson plans that use practical, real-world examples to inspire a love for learning
- Desire to help students recognize, reach for, and realize their fullest potential
- A dynamic and outgoing personality

- The ability to work both independently and in a team environment
- Mastery of SAT and ACT Math, especially the following subjects:
 - Pre-Algebra
 - Algebra I & II
 - Geometry
 - Trigonometry
 - Statistics

Why you want to teach with Vanguard College Prep:

- Paid training and comprehensive preparation
- Distinctive and individualized approach to test prep with a strong track record of producing top-tier students and nationally-ranked test scores
- Opportunity to work with our distinctly engaged, enthusiastic, and driven client base of students energized by Vanguard's commitment the highest-quality client experience
- Elite team of instructors, counselors, and specialists from Ivy League and top universities across the nation who are passionate about fostering student success
- Quickly-growing start-up environment that emphasizes creativity, collaboration, and leadership, with opportunities for long-term career growth
- Competitive compensation structure (dependent on experience) with benefits

Compensation:

- Starting Pay: **\$21.00 – \$24.00** per hour depending on education, experience, and skill
- A comprehensive benefits package including **dental**, **vision** and **health insurance**, as well as **paid time off**, **sick days**, and **paid winter vacations**

About Vanguard College Prep:

Vanguard College Prep is a full-service educational company whose mission is to enable the future leaders of our globalized world to meet their fullest potential. Through its test prep, college counseling, and college essay services, Vanguard is committed to providing meaningful, all-encompassing college preparation that treats each student as an individual, preparing them for the boardroom, not the assembly line.

Two things set Vanguard apart from other after school companies: our elite team and our personalized, organic curriculum. Unlike other test prep companies, which often take a one-size-fits-all approach to test prep, Vanguard recognizes that every student learns differently. Our experienced instructors, counselors, and essay specialists strive to shatter this assembly line model by focusing on core learning rather than short-term strategies and tips, tailoring instruction to fit each student's individual needs. We encourage students' continual questioning and curiosity with the goal of extending learning beyond the classroom, so that our students will be successful in the elite college of their choice and beyond.

Full-Time Math Instructor Job Description (Remote Position)

Do you remember your favorite teacher—the one who inspired you and went above and beyond to help you achieve your goals? What impact did they have on your life? Do you aspire to pay it forward?

Vanguard College Prep is looking for Math Instructors who are passionate about seeing students learn and grow. Where other test prep companies simply hire part-time tutors looking for a side gig, our college prep institution hires full-time instructors looking to grow their career in a start-up environment. We do not teach "tricks" or "how to beat the test," but use an organic approach that helps students improve their math skills in the long term.

So if you love teaching, want to be a part of something greater than yourself, and think you can contribute to Vanguard's rapid growth, then apply to join our team!

Compensation:

Competitive compensation structure with *health benefits, long-term room for growth, paid time off* and *sick days*.

\$18.00 to \$23.00 /hour depending on education, experience, and skill.

Job Responsibilities:

- Instruct small groups of students in core math skills to promote long-term understanding of topics, and top scores in their college readiness exams (ACT & SAT).
- Track student progress, both their strengths and areas of potential improvement.
- Log lesson descriptions into our online platform for lesson continuity and quality.
- Maintain and update student lesson schedules using the Vanguard Calendar platform.
- Mentor middle and high school students with empathy, as great instructors will understand that college acceptance is becoming ever more competitive and stressful.

An ideal candidate possesses:

1. A desire to help students learn, succeed, and reach their fullest potential
2. Fun and outgoing personality
3. Ability to work independently and in a team environment
4. Ability to create customized, engaging lesson plans that use practical, real world examples to inspire a love for learning.
5. Mastery of SAT and ACT Math, especially the following subjects:
 - a. Pre-Algebra,
 - b. Algebra I & II
 - c. Geometry
 - d. Trigonometry
 - e. Statistics

**Qualifications:**

- Bachelor's Degree in a STEM or Education major. Master's Preferred (open to those near graduation)
- GPA 3.5 or higher
- Teaching experience in math (1+ years) required
- Proficient in MS Excel, MS Word, MS PowerPoint, G-Suites
- Experience teaching remotely, using tools such as Google Meet, Google Drive, and Google Classroom
